

TELEMET QUARTERLY NEWSLETTER March 2026

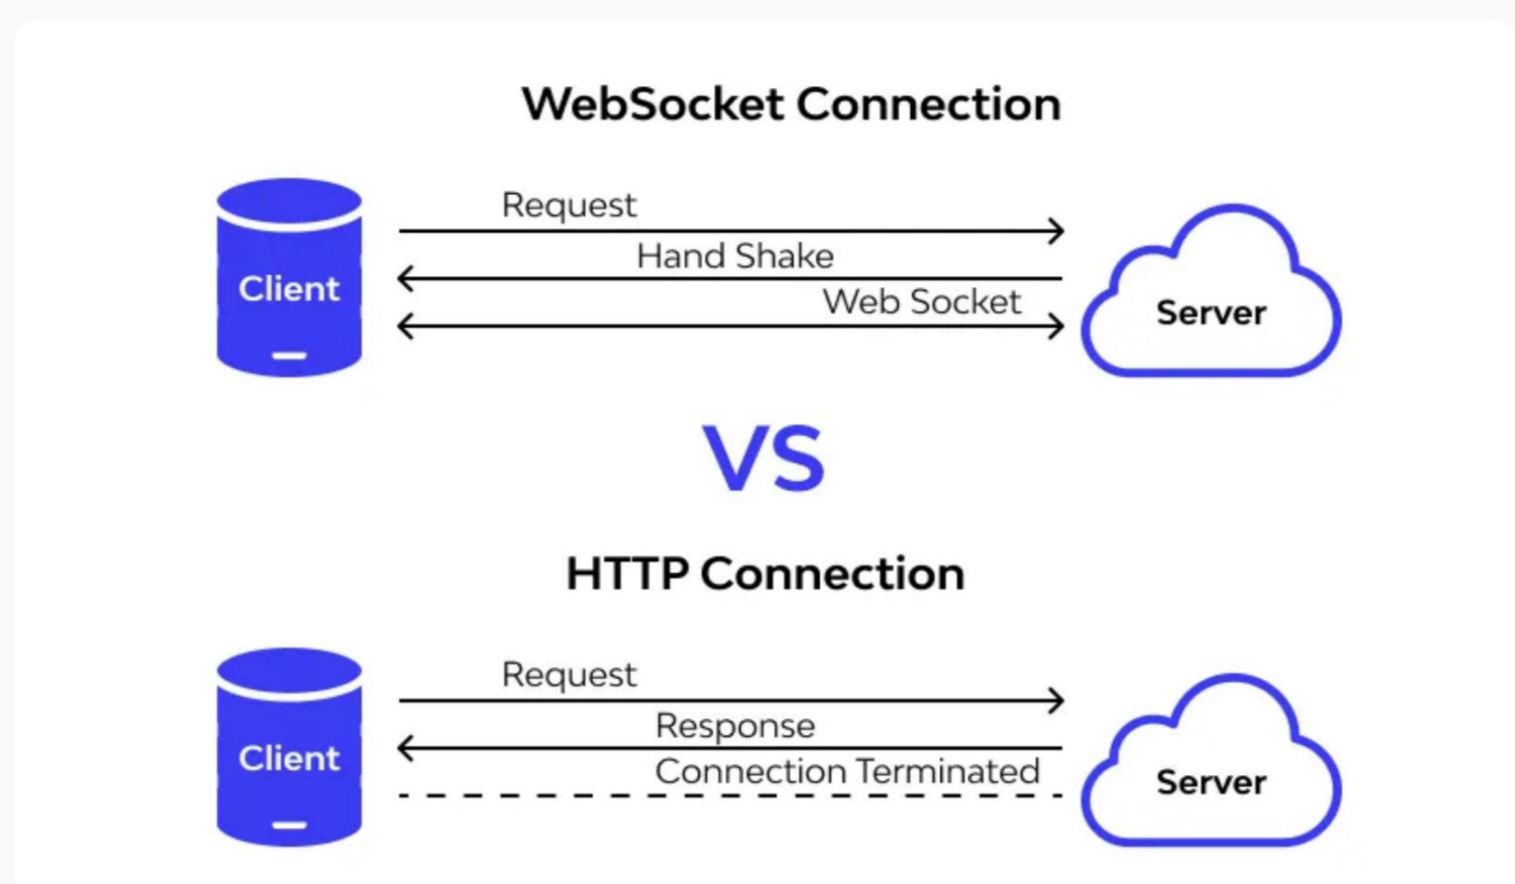

Message from the CEO

Greetings to All,

Telemet is growing. In this newsletter we welcome two new team members! We introduce Telemet Orion Connect our new WebSocket's API which offers a quick way to have a custom internal portal integrating real-time data with all you internal applications

We also remind you of our referral program. Please read about this, it pays to participate!

We all at Telemet thank you and appreciate your business and trust! Fred Parsons, CEO

Introducing Telemet Orion Connect

Most firms we speak with are frustrated by "closed box" workstations that don't play well with their internal CRMs or proprietary risk models. They have the vision, but data providers hold the keys.

We built Telemet Orion Connect to change that.

We provide the high-performance engine so you can own your stack. From real-time WebSocket streams for your internal portals to a dedicated Python SDK for your quant team, we provide the "Certified Source of Truth" that stands up to data audits.

"We provide the engine; you build the dashboard."

A brief technical walkthrough will show you how our API can plug into your existing workflow and web interfaces. Call or email us for more information. 800-368-2078, sales@taquote.com

Welcome to Telemet

We are pleased to announce that Aya Muzaffarii has joined Telemet America as a new Sales Representative.

Aya joins us with deep background in market data and systems. Her expertise will be a significant asset to your firm as you look for more efficient ways to integrate real-time data or research capabilities into your daily operations and investment strategies.

Welcome Aya!

We are also pleased to announce that Stephen Bottalico has joined Telemet America as a new Client Service Representative and University Sales Director. Stephen previously was an account manager with Cogent Communications and has a deep passion for the markets!

Welcome Stephen!

Both are available for in-person or virtual consultations, including:

- Strategic reviews of your current data integration.
Personalized demos of new Telemet features
General Client Support

Telemet America, Inc. REFERRAL PROGRAM. Give us a referral, get \$500. We believe referrals should be a win-win. For your connection: They will receive a month's free of Telemet's service. For you: As a thank you, we will give you a \$500 credit on your next invoice towards your current or new services with us. See details below. Email Us support@taquote.com

Reminding you of the Telemet Referral Program

At Telemet, our growth has always been driven by word-of-mouth from satisfied clients like you. We truly appreciate the trust you place in us, and we want to reward you for sharing that experience with your network.

Give us a referral, get \$500. We believe referrals should be a win-win.

- For your connection: They will receive a month's free Telemet service.
For you: As a thank you, we will give you a \$500 credit on your next invoice towards your current or new services with us.

How It Works

- 1. Identify: Think of a colleague or business partner who is not using Telemet now who could benefit from Telemet's market data.
2. Introduce: Send us an email introduction connecting us to them with copy to them.
3. Earn: Once they sign an Agreement for one year or more of service and complete their first payment, your credit will be processed within 30 days.

Thank you for being a valued partner. We look forward to helping your network succeed just as we have helped you.

The fine print:

- Eligibility: Referrals must be new clients who have not previously done business with Telemet within the last 18 months.
Payout: Rewards are issued 30 after the referred client completes their purchase/payment.
You cannot refer yourself or add users to your existing account to earn rewards.
This program commences on Jan 1, 2026. Telemet reserves the right to modify or cancel this program at any time thereafter.

For more information call 800-368-2078. Telemet support (support@taquote.com).
